Art Catalogue for Collectors & Galleries

B. Josephson

Conjuring interdimensional beings in razor-black contours and radiant colour fields, B. Josephson fuses mathematical symmetry with cosmic intuition.

Each canvas acts as a portal, inviting the viewer to tune into hidden harmonies and pulsing vibrations beyond the visible spectrum.

Authenticity & NFC

Every painting carries a discreet NFC tag.

Tap it with any smartphone to open the artwork's web page, high-res details and blockchain-backed provenance.

A printed certificate with the same UID code ships with the canvas, giving double proof of authenticity.
